RE: Community Engagement Session (CES) - April 17, 2019

Finally, spring is here. I'm sure you are all just as happy about that as I am. As spring cleaning starts, please do not light grass fires. Our fire truck is in for repairs and won't be available if grass fires get out of control. Also this spring, we are planning a volunteer clean-up event for Tache highway. If interested, please leave your name with Joshua at the front desk. Details to follow.
