URGENT – Our loved ones are dying from suspected drug overdoses. There are many others who are od'ing and thankfully being revived.

The whole community must stand against these drugs and the people who are selling it. We cannot allow any more of our loved ones to be taken by these drugs.

If you know someone who is selling drugs or witness a drug sale and have evidence, please report it to the RCMP. The RCMP cannot act on hearsay or rumor.

As a community, family, and friends, we all need to decide that this is NOT what we want for our community, and start making our family and friends accountable when we know they are selling drugs. Thank you to the brave and courageous who are willing to stand up for our community and future generations.

If you are battling drug addiction and want help, please reach out to the Health Centre, and the Wellness Team will help you to get into detox and treatment. There are people that care and want to support you in your sobriety efforts.

With continued prayer, God can help us win the battle over addiction; we need to ask for His help. When we make better choices for our lives now, we create a better future for our kids and grandkids. We can do this together and God can help.

**Tl'azt'en Nation Employment &
Training in partnership with
Tanizul Timber Ltd**

Tl'azt'en Nation is starting work on a comprehensive community plan that will guide us into the future.

A comprehensive community plan (CCP) is a document developed by members to help us grow sustainably and become more self-sufficient. It will be a roadmap for our future, guiding how we carry out projects and programs to achieve our people's vision.

We need you – our members – to help us put this plan together by sharing your vision for our community.

**TAKE THE SURVEY
AND BE ENTERED FOR A DRAW PRIZE**

Online at bit.ly/3IFv6wm

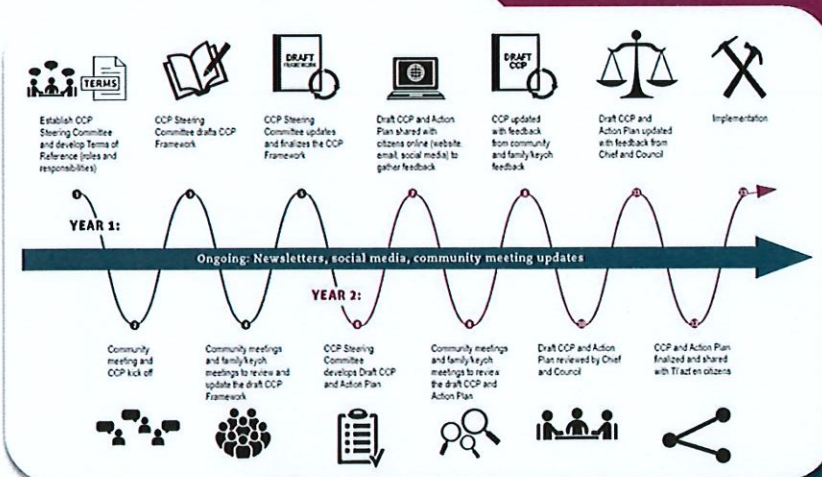

Or pick up a copy at the Education Center or Natural Resources/Social Development Complex.

We will arrange for people to go door-to-door to help Elders and others fill out the survey.

**How will we create
our comprehensive
community plan?**

Tl'azt'en will work together over two years to create the plan.

ELECTION CODE WEEKLY MEETINGS

MAY 13, 2021

Hadih Tl'azt'enne,

Due to the loss in Tl'azt'en Nation I have cancelled my meeting slated for Thursday May 13 and Friday May 14. I want to take this time to send my sincerest condolences to William and Elsie Pierre and family.

I have been hosting zoom meetings every Tuesday from 1-4pm and also on Thursday Evenings from 6-9pm in the month of April into May. I can send invitation if you email me so I can add you to the list of participants, thank you. Otherwise, if you have Zoom just use the meeting ID and passcode listed below to join. The other way you can touch base with me and send ideas, suggestions and provide feedback send an email also listed below.

Now I have incorporated some ideas and what other nation have or better yet using in their code. I am making sure I am more familiar to the regulations and role a Custom leadership selection codes for First Nation is used to guide the choices the members want in the Constitution for Tl'azt'en Nation. This amendment will assist the Nation and hopefully resolve issues about the election process in the future. I have looked at defining role and responsibilities for the Chief and Council and the Chief Electoral Officer. Join me over the next few weeks via Zoom meeting ID 737 023 6106 passcode 833177 during the day on Tuesday 1-4 and Thursday evening 6-9pm. You can also email responses to clrschweizer@outlook.ca. I will be in the community once it is safe to do so on a more regular basis. I am hopeful this time things will be better for our Nation and members it serves.
