### Meeting Attendees – in person and online

During the pandemic it has been challenging to bring our community together physically. This meeting is being held both in person and online (via Zoom) to allow for more of our community members to attend.

- Tl'azt'en Members
- Tl'azt'en CCP Advisory Committee Members
- Your CCP Support Team
  - Renata Monk
  - Alyssa Melnyk, Vice President, Strategic Engagement and Communications (Castlemain)
  - Lakshmi Lochan, Senior Analyst, Strategic Engagement and Communications (Castlemain)

### Objectives

Community planning is an important tool to support our community in building the capacity we need to make decisions about the future of Tl'azt'en Nation. The planning process is a way for our Nation to work together to plan for our future in a way that reflects our unique needs and values. Creating a CCP will help our Nation establish a vision for our future and decide how to create and implement projects and programs to achieve our vision.

### The main objectives of this meeting are

1. **Vision:** To start visioning together our future.
2. **Values:** To identify values that will help to guide our Tl'azt'en CCP.
3. **Priorities:** To begin identifying priorities and the ways we want to bring about desired change.
4. **Process:** To gather ideas about our planning process so that we build our plan in a way that respects our Dakelh culture and language and engages as many of our community members as possible.
