

**Tl'azt'en Nation Natural Resource Department
Neyun Huwuts'inli – We Take Care of Our Land**

JOB POSTING: Stewardship Field Technician

The Tl'azt'en Nation Natural Resource Department is looking for a Stewardship Field Technician. The Stewardship Technician will work under the supervision of the Senior Stewardship Officer and assist with the department's forestry, mineral claim and lands stewardship management and strategy processes within the traditional territory. This position requires field skills (survey and data assessment, recording), map and compass and GPS / GIS skills, and requires good communication skills, team work, a proven understanding of Dakelh culture and heritage resource values. An understanding of relevant natural resources legislation and forestry and mining exploration operations is a preferred asset. Tl'azt'en Nation's head office is located 40 km from the town of Fort St. James, BC on the beautiful shores of Nak'albun (aka Stuart Lake).

Job Summary

The Stewardship Field Technician's responsibilities include but are not limited to: working closely and in conjunction with the Senior Stewardship Officer and the Stewardship Officer in implementing forestry, mineral claim and lands stewardship management and strategy conducting cultural and heritage resource values assessments in the field. In addition, the Stewardship Field Technician will work closely with Nation knowledge keepers, traditional land users and Keyoh Huwunline families (traditional stewards) on stewardship matters and will consider information sharing in technical report writing. We are looking for an individual with a proven history of field experience, field assessment and reporting experience in any aspect of Natural Resources. A solid understanding of the forestry and mineral exploration sector is ideal and Indigenous culture, rights and title matters a must. This position requires an understanding of traditional Dakelh culture and good communication skills, problem solving abilities and technical understanding of stewardship principles.

Qualifications, Knowledge, Skills & Experience

- Minimum post-secondary 2-year technical certification/diploma in the area of Forestry and/or Natural Resources and minimum 2 years working in Forestry and/or Natural Resources (office and field work experience) or an equivalent combination of education and work experience
