- ✓ Ask questions!

Lunch & prizes!

Can You Actually Get “Stuck” in Grief

Yes, you can get stuck in your grief. Sometimes a person can be stuck in grief for years if you've done nothing to help yourself heal from pain and sorrow, if you have avoided your feelings by pushing them down or numbing them out with alcohol or drugs or getting so overwhelmed by your distress that you can't move forward from it.

At times people have had to deal with multiple losses one on top of the other which compounds grief and it feels like you can't move past the pain and suffering that it has created.

You may find yourself not wanting to go forward in life and see no hope for the future.

Some signs to look for that are typical of being stuck in grief include:

- Feeling irritable
- Intense yearning and longing over your loved one or loss
- Having an extreme fear linked to specific events or situations
- Overreacting to smaller losses
- Irrational preoccupation with thoughts of death

Stewardship Officer
Date Posted: September 2, 2022
Closing Date: Open Until Filled

The Tl'azt'en Nation Natural Resource Department is looking for a full time Stewardship Officer to assist with operational processes supporting Nation land use decision proposals, referrals, consultation, engagement and stewardship planning within the traditional territory. This position requires good communication skills, team work, project management, cultural agility, field skills (survey and data assessment, recording, reporting and technical writing skills), map and GPS/GIS skills; experience with government-to-government (G2G) processes in particular with BC Government provincial ministries; an understanding of relevant natural resources legislation, Indigenous Rights and Title and provincial legislation regarding the United Nations Declaration of the Rights of Indigenous People (UNDRIP). Tl'azt'en Nation's head office is located 40 km from the town of Fort St. James, BC on the beautiful shores of Nak'albun (aka Stuart Lake).

Job Summary

The Stewardship Officer's responsibilities include but are not limited to: working closely and in conjunction with the Senior Stewardship Officer implementing forestry, mineral claim and lands stewardship management and strategy processing land use proposals, referrals, assisting in technical representation for Tl'azt'en Nation on G2G collaborative stewardship work; assisting in consultation and engagement work. In addition, the Stewardship Officer will work closely with Nation knowledge keepers, traditional land users and Keyoh Huwunline families (traditional stewards) on stewardship matters. We are looking for an individual with a proven history of project management, a solid understanding of Indigenous culture, rights and title matters, traditional Dakelh governance and relationship-building, good communication skills, conflict resolution abilities and have technical understanding of sustainable forest management principles.

Qualifications, Knowledge, Skills & Experience

- Minimum post-secondary 2-year technical certification/diploma in the area of Forestry and/or Natural Resources
- Minimum 5 years working in Forestry and/or Natural Resources (office and field work experience)
- Knowledge of relevant natural resources provincial and federal legislation and other policies and legislation that govern forest, land, water and wildlife management
- Demonstrated ability to communicate and build effective interpersonal relationships from the community level to senior government levels including external agencies and private sector proponents
- Proficiency in the use of computer programs for word processing, databases, excel spreadsheets, presentations, email; fieldwork and data tracking applications, and ESRI GIS software
- Ability to meet deadlines, pay attention to detail, work well with others and in a team environment
- understanding of Indigenous values, culture, history, communities and traditional territories
- Excellent, communication and writing skills.
- Must have Class 5 Drivers License in good standing

Preference may be given to:

- a Tl'azt'en Nation person or an Indigenous person
- extensive post-secondary education and work experience combination
- Professional designation

Wage rate depending on education & experience.
Submit your inquiries, cover letter and resume to:
kyla.strange@tlazten.bc.ca

ONLY THOSE QUALIFIED WILL BE CONTACTED FOR AN INTERVIEW

Tanizul Timber Ltd.

JOB POSTING Accountant/ Bookkeeper

Tanizul Timber Ltd (Tanizul), a TI'azt'en Nation community owned and operated forest management company, is seeking an experienced part time or full-time accountant to add to our staff. The accountant provides key administrative functions of the day-to-day operation of the company, working under the direction of the General Manager, or designate.

The ideal candidate will be able to demonstrate the following qualifications:

- Be a self-starter, able to work independently with minimal supervision;
- Have a strong, consistent, and professional work ethic;
- Ability to multi-task and work in a demanding environment;
- Have formal training with 5+ years of bookkeeping experience;
- Excellent verbal and written communication and interpersonal skills;
- Ability to meet deadlines, adjust quickly to changes in priorities and work within a team environment to achieve results.
- Solid experience and proficiency using MS Office applications and accounting software, with preference to SAGE 50;
- Preference will be given to those who hold a CPA certificate, or at a minimum a solid understanding of Generally Accepted Accounting Principles (GAAP).
- Having forestry-based business experience will be considered an asset.

The duties of this position will consist of, but not limited to, the following:

- Bi-weekly payroll - Salary, hourly and piece rate employees;
- Accounts Payable - Weekly vendor payables;
- Monthly remittances - Payroll remittances, Pension Contributions, Health benefits, WCB and GST remittances;
- AR management - applying received payments to invoices;
- Monthly credit card reconciliations;
- Reconcile bank accounts and make month end adjustments;
- Fiscal year end Adjustments/ File Logging tax return;
- Financial audit preparations, facilitation, and entry of auditor's journal entries;
- Monthly and quarterly reporting and budget updates.

There is flexibility to work both in office and remotely.

Tanizul Timber Ltd offers a competitive wage and benefits package. Renumeration will commensurate with experience.

If you meet the above qualifications, please submit your resume to: admin@tanizultimber.com

This position will be posted until filled. Please note that while we appreciate all applications, only those being considered will be contacted.

Thank you for your interest.

ADULT EDUCATION TEACHER/PRINCIPAL TI'azt'en Nation Education Department

Date Posted: September 02, 2022

Stewardship Field Technician
Date Posted: September 2, 2022
Closing Date: Open Until Filled

The Tl'azt'en Nation Natural Resource Department is looking for a Stewardship Field Technician. The Stewardship Technician will work under the supervision of the Senior Stewardship Officer and assist with the department's forestry, mineral claim and lands stewardship management and strategy processes within the traditional territory. This position requires field skills (survey and data assessment, recording), map and compass and GPS / GIS skills, and requires good communication skills, team work, a proven understanding of Dakelh culture and heritage resource values. An understanding of relevant natural resources legislation and forestry and mining exploration operations is a preferred asset. Tl'azt'en Nation's head office is located 40 km from the town of Fort St. James, BC on the beautiful shores of Nak'albun (aka Stuart Lake).

Job Summary

The Stewardship Field Technician's responsibilities include but are not limited to: working closely and in conjunction with the Senior Stewardship Officer and the Stewardship Officer in implementing forestry, mineral claim and lands stewardship management and strategy conducting cultural and heritage resource values assessments in the field. In addition, the Stewardship Field Technician will work closely with Nation knowledge keepers, traditional land users and Keyoh Huwunline families (traditional stewards) on stewardship matters and will consider information sharing in technical report writing. We are looking for an individual with a proven history of field experience, field assessment and reporting experience in any aspect of Natural Resources. A solid understanding of the forestry and mineral exploration sector is ideal and Indigenous culture, rights and title matters a must. This position requires an understanding of traditional Dakelh culture and good communication skills, problem solving abilities and technical understanding of stewardship principles.

Qualifications, Knowledge, Skills & Experience

- Minimum post-secondary 2-year technical certification/diploma in the area of Forestry and/or Natural Resources and minimum 2 years working in Forestry and/or Natural Resources (office and field work experience) or an equivalent combination of education and work experience
- Knowledge of relevant natural resources technical operations, relevant legislation and other policies that govern forest, land, water and wildlife management
- Willingness to learn; Team player
- Ability to read maps (e.g. Understands UTM Coordinates, Scales, maps, gps, etc.)
- Physically fit and ability to work in all types of weather and environmental conditions
- Knowledge of Dakelh culture and traditional rights practices
- Basic knowledge of archaeological resources
- Computer skills especially in Microsoft Office software applications
- Familiarity with safe driving and practices while engaging in field travel and field work activities.
- Work experience conducting field and data entry work in a timely, professional and consistent manner.
- Field surveys are required in this position to assess Tl'azt'en Nation cultural and heritage resource values whereby the Stewardship Forest Technician will be required to survey for an established list of values; Work experience like this is an asset; Skills in field site assessments are required
- Ability to meet deadlines, pay attention to detail
- Understanding of First Nations values, culture, history, communities and traditional territories
- Excellent, communication and writing and reporting skills.
-

Preference may be given to:

- a Tl'azt'en Nation person or an Indigenous person
- Professional designation

Wage rate depending on education & experience.
 Submit your inquiries, cover letter and resume to:
 kyla.strange@tlazten.bc.ca

The cold winter months can be isolating and pose a greater risk of illness and injury for many people, especially our Elders. But there are many things we can do to help our Elders, neighbours, and relatives stay healthy, connected, and safe!

VISIT AND LEND A HAND

Simply spend time. Enjoying the company of Elders and neighbours doesn't take much effort. Just being present, chatting over a cup of tea and listening to what's on their mind means a lot. If weather permits, dress warmly and enjoy a walk or outing outside together.

Clear steps and walkways. Slips and falls in icy, snowy conditions can happen easily. Help Elders and neighbours exit and enter their homes safely by shoveling snow and removing ice from their driveways, walkways, and stairs.

Clean and tidy. Kitchen fire safety starts with a clean kitchen. Help Elders and neighbours by wiping down cooking surfaces to prevent food and grease build-up. Make sure combustible materials such as paper towels, potholders, dish towels, and plastics, are away from the stove and other hot cooking surfaces where they could catch fire.

Shop and transport. Winter weather can make it difficult for elders to get out to buy food, medicine, and other supplies. Offer to include their shopping with your own and provide transportation to and from appointments.

PREPARE FOR FIRE SAFETY

Communication is key. Talk about home fire-safe practices with your Elders and neighbours to help them prepare for the winter months. Emphasize the importance of turning off all cooking and heating appliances before leaving the home or going to bed.

Heat the home safely. Make sure all heat sources are fire safe and working properly. Check space

heaters to ensure that cords and plugs are in good working order and that they are placed at least 3 feet from things that can burn. Always unplug heaters before leaving the home or going to bed.

Prevent burns. Cooking-related scalds and burns can be very painful. Provide a reminder to stay in the kitchen when cooking, turn pot handles away from the edge of the stove, wear short or tight-fitting sleeves, and use potholders when touching anything that could be hot.

Ensure alarms are working. Check that their home has working smoke alarms and carbon monoxide (CO) detectors. These early warning fire safety tools are lifesavers!

Prepare for power outages. Locate flashlights and other battery-operated lights and make sure they are working. If there is a home generator, make sure that it is outside in a dry location, well away from windows, doors, and vents that can allow CO into the home.

PLAN A SAFE ESCAPE

Ensure Elders and neighbours have a home fire escape plan. Make sure there are two ways out of each room and that windows, doors, stairs and hallways are clear of clutter. Practice the fire escape plan together.

If there is a fire, instruct everyone to get out of the home immediately and to NOT go back inside for anything.

Make sure they know to call 9-1-1 or the local emergency number.

WINTER FIRE SAFETY CANDLE SAFETY

Candle-related fires are a year-round concern especially during the winter months. Keep your home and family safe by using candles responsibly!

BEFORE BURNING

Purchase wisely. Buy good quality candles that are smoke-free, drip-free, and lead-free.

Trim the wick. Before lighting a candle, trim the wick to 1/4 inch to avoid uneven burning, dripping, and flaring.

Use sturdy holders. Secure candles in sturdy, non-combustible holders that won't tip over and can catch melting wax.

Pick the perfect spot. Place candles on stable, heat-resistant surfaces, in well-ventilated areas away from drafts, and at least 12 inches from anything that can catch fire. Keep candles out of reach of children and pets and avoid use in bedrooms and sleeping areas.

WHILE BURNING

Light with care. Use a long match or long-reach lighter to avoid painful burns. Keep matches and lighters out of reach of children.

Keep a close eye. Don't leave a burning candle unattended. A candle is an open flame that can easily cause a fire.

Stay in place. Don't touch a burning candle until it has been extinguished and has had time to cool. Hot candle wax can cause burns and the flame may ignite flammable materials.

WHEN EXTINGUISHING

Know when it's time. It is time to put the candle out when you are leaving the room, going to bed, when it has melted down to 1/2 an inch, the flame becomes too high, or flickers repeatedly.

Use care and caution. Extinguish a candle with a candle snuffer. It minimizes smoke and wax splatter. Never use water as it can cause hot wax splatter and could break the candle holder.

Leave when it's cool. Make sure the candle is completely out before leaving the room.

DURING A POWER OUTAGE

Use flashlights and other battery-operated lights, if possible, instead of candles. They are safer sources of light. Plan ahead and have spare batteries on-hand.

If you must use candles, follow the safety tips above, and NEVER use them to search for items in a confined space or when checking pilot lights or fueling equipment.

WINTER FIRE SAFETY COOKING SAFETY

The kitchen is often the heart of the home, yet sadly cooking-related fires are a leading cause of home fires and injuries. These fires can be devastating and are preventable!

BEFORE YOU COOK

Keep it clear and clean. Kitchen fire safety starts with a clean kitchen. Regularly wipe cooking surfaces to prevent food and grease build-up. Keep things that burn, such as paper towels, potholders, dish towels, and plastics away from the stove and other hot cooking surfaces.

Maintain appliances. Keep cooking appliances in good working order. Check electrical cords and plugs and discard any that are damaged. Avoid overloading electrical outlets with too many appliances and be sure to unplug small appliances when not in use.

Have an early warning. Working smoke alarms save lives by providing an early warning of smoke and fire. Install working smoke alarms at least 10 feet from cooking appliances to minimize false alarms or use a smoke alarm designed to be near kitchens.

Have a fire extinguisher. Keep a fire extinguisher close by in case of a small fire. Know how and when to use it.

WHILE YOU COOK

Stay present and alert. Cooking requires your full attention. Check cooking food regularly and always stay in the kitchen when frying, boiling, grilling, or broiling food. If you must leave, turn off all cooking appliances.

Protect children and pets. Keep children and pets at least 3 feet from cooking areas. This safe zone will protect them from potential burn injuries caused by hot foods and liquids.

Prevent burns. Cooking-related scalds and burns can be severe and painful. Protect yourself and your

loved ones by turning pot handles away from the edge of the stove where they could be knocked over, keeping hot food and beverages away from counter edges, and removing lids from hot substances with care. Use oven mitts or potholders when touching anything that could be hot.

AFTER YOU COOK

Clean Up. Wipe up spills and splatters on the stove-top, in the oven, and microwave. Put things that can burn away from heat sources and always let grease cool before discarding it.

Look before you leave. When you finish cooking, turn off the oven, stove burners, and small appliances. Do a final check that everything is off before leaving home or going to bed.

EXTINGUISH SMALL FIRES

If you have any doubt about extinguishing the fire, get everyone out of the home, and call 9-1-1 or your local emergency number from outside.

Fire needs heat and oxygen to burn. To put out a small grease fire slide a lid over the pan to smother the flames, then turn off the element. Do not move the pot or remove the lid until it has cooled. For oven and microwave fires, close the appliance door and turn off the heat.

NEVER put water on a grease fire!

Fire extinguishers are only for small fires. Use an extinguisher if you know how and have a clear exit behind you in case the fire gets out of control. If in doubt, leave the home immediately and call 9-1-1 or your local emergency number.

As the temperature drops, homes need heating. Keep your home and family fire-safe during the cold winter months with good home-heating practices.

BEFORE YOU HEAT

Maintain heating equipment. Make sure wood stoves and fireplaces are in good working order. Have chimneys inspected and cleaned each year by a qualified professional.

Inspect portable space heaters. Check cords and plugs for cracks, frays, and loose connections. Replace damaged cords before using the heater. Plug portable heaters directly into the wall outlet and only one per outlet. Never use an extension cord or power bar.

Plan your escape. Fire spreads fast. Prepare your family to get out quickly and safely by creating a home fire escape plan. Practice it often.

Protect children and pets. Keep children and pets at least 3 feet from heating equipment to protect them from potential burn injuries.

AFTER YOU HEAT

Look before you leave. Turn off space heaters before leaving the room. Make sure fireplace fires are extinguished before leaving the house or going to bed.

Clear the ashes. Allow ashes in fireplaces and wood stoves to cool before putting them in a covered metal container. Store the container at least 10 feet from your home.

WHILE YOU HEAT

Fuel it right. Start fireplace and woodstove fires with newspaper and kindling. Never use flammable liquids such as gasoline or barbecue lighter fluid. Burn only dry, well-seasoned wood to minimize creosote build-up.

Pace the burn. Burning too much wood at once can create tar and creosote build-up in chimneys and stove pipes creating a fire hazard.

Screen for safety. Use a sturdy metal screen in front of the fireplace to prevent embers and sparks from escaping. Keep woodstove doors closed unless loading or stoking the fire.

Place heaters properly. Place space heaters on a flat surface in non-traffic areas. Keep them at least 3 feet from materials that can burn such as curtains, furniture, and blankets. Never leave them unattended.

INSTALL SMOKE ALARMS & CARBON MONOXIDE DETECTORS

Working smoke alarms and carbon monoxide (CO) detectors are essential fire safety tools to have in your home. When properly installed and maintained, they can help save lives by providing an early warning for anyone in the home.

Smoke alarms alert you to deadly smoke and CO detectors sense carbon monoxide, a poisonous gas from fuel-burning appliances like fireplaces and woodstoves.

Protect your family by installing these in your home today. If the alarm sounds get out of the house immediately and call 9-1-1 or your local emergency number.

Working smoke alarms and carbon monoxide (CO) detectors are essential fire safety tools. When properly installed and maintained, they can help save lives by providing an early warning of smoke and toxic gas.

WHY YOU NEED THEM

Smoke Alarms. Smoke alarms warn you when there is smoke. Most house fire deaths are the result of inhaling the hot, thick, toxic smoke from fire that can quickly disorient and incapacitate you.

Carbon Monoxide (CO) Detectors. CO detectors warn you when CO reaches a dangerous level in your home. Carbon monoxide is a toxic gas that you can't see or smell but can be harmful if you are exposed to it. CO is produced when fuel in fuel-burning appliances like gas stoves, furnaces, and fireplaces don't burn completely. Low levels of CO can cause headache, nausea, and fatigue; exposure to high levels can be fatal.

Combined Smoke and CO Alarms. These combination units provide detection and warning of both smoke and carbon monoxide.

HOME FIRE ESCAPE PLANNING

Plan. When a fire occurs in your home, every second counts. Create a home fire escape plan to get out quickly and safely. Plan two ways out of every room and make sure exit routes are clutter-free. Windows and doors leading outside should open easily. Decide on a family meeting place a safe distance from your home.

Practice. Having a plan isn't enough. Regular practice will ensure everyone in your home knows what to do if there is a fire and the alarm sounds. Practice your home fire drill using different ways out and at different times of the day and night.

In the event of fire. If the alarm sounds, get out and stay out. Never go back inside for anything. If you must go through smoke, stay low. When outside, call 9-1-1 or your local emergency number.

INSTALLATION & MAINTENANCE

Placement. Install smoke alarms and CO detectors according to the manufacturer's instructions. Place them on every level of the home, outside sleeping areas, and in each bedroom. To minimize nuisance alarms, avoid placing smoke alarms within 10 feet of cooking appliances and keep CO detectors at least 10 feet from fuel-burning appliances.

Testing. Make sure your alarms are working. Test smoke alarms and CO detectors monthly by pushing the test button. Change batteries once a year, or when the low-battery signal beeps. Some alarms come with a ten-year battery.

Replacement. Smoke alarms need replacing every 10 years. CO detectors require replacement every seven to ten years. If your unit malfunctions before that time, replace it.

PREVENT CARBON MONOXIDE BUILD-UP

Have fuel-burning appliances installed and serviced by a licenced contractor.

After a snowstorm, check that vents are not covered with snow.

Place generators outside in a dry location well away from windows, doors, and vents that can allow CO into your home. Never use generators indoors.

Always use kitchen vents and exhaust hoods when cooking.

Never leave a car running in an attached garage.

OUR JOURNEY through WINTER FIRE SAFETY

COOKING SAFETY

Keep a Fire Extinguisher in the Kitchen

Put a Lid on a grease fire & turn off the stove

Don't Leave cooking food unattended

Keep Kitchens clean & tidy

HOME HEATING SAFETY

NEVER use oven, Gas Range or BBQ to heat your Home

Never Leave Space Heaters unattended

Keep Wood Stoves and Chimneys CLEAN

Always use DRY Firewood in YOUR WOOD STOVE

CANDLE SAFETY

PUT OUT CANDLES before going to bed or when leaving home

DON'T Leave BURNING CANDLES UNATTENDED

Keep OUT OF REACH OF CHILDREN & PETS

Place in a STURDY HOLDER

Keep candles away from flammable materials

SMOKE ALARMS & CARBON MONOXIDE DETECTORS

Install DETECTORS & ALARMS in your HOME

Change the BATTERIES as needed and

Test them MONTHLY

Have A HOME FIRE ESCAPE PLAN

REPLACE ALARMS & DETECTORS every 10 YEARS

Claim Form for Individuals

The First Nations Drinking Water Settlement will compensate members of First Nations that experienced long-term drinking water advisories while living on an Impacted First Nation.*

You might not need to fill out this form. Please check www.firstnationsdrinkingwater.ca first, to see if your First Nation has filed a claim on behalf of its members. If it has, then please call the Administrator and they'll help you check if you're already on our list. If you are, then you only need to fill out this form if you're claiming for Specified Injuries.

This is the form to claim compensation for yourself. If you want to make a claim for someone else (for example a minor child, a person under a disability, or a person who has passed away) then please fill out the 'Claim Form on Behalf of Another Person' found at www.firstnationsdrinkingwater.ca

To qualify for compensation, you must...

- ✓ Be a member of a First Nation, have been alive on November 20, 2017, and...

If born *before November 20, 1995*

- ✓ ordinarily resided / lived on an Impacted First Nation during a long-term drinking water advisory that lasted continuously for a year or longer, anytime between November 20, 2013 and June 20, 2021

If born *on or after November 20, 1995*

- ✓ ordinarily resided / lived on an Impacted First Nation during a long-term drinking water advisory that lasted continuously for a year or longer, anytime between November 20, 1995 and June 20, 2021

**For a list of Impacted First Nations and dates of long-term advisories, please see below at pages 6 to 14. Also, please note that Tsuu T'ina, Sucker Creek, Ermineskin Cree, the Blood Tribe, and the Okanagan Indian Band are bringing their claims in a different way, so their members aren't eligible for compensation under this settlement*

✎ Filling out this form might be confusing, emotionally difficult, or even traumatic. But you are not alone. **There are three teams of people available to help.**

The Hope for Wellness Team offers comfort and emotional support.

They can help you if you are experiencing emotional distress.

You can reach them toll-free on our Wellness Help Line at 1-855-242-3310 or online at www.hopeforwellness.ca

The Administrator handles claim applications and payments.

They can help you with the claims process, including with filling in this Claim Form.

Start with these folks if you have a question and don't know who to ask.

You can reach them toll-free on our Administrator Help Line at 1-833-252-4220

The Class Counsel Team are your lawyers. They work for you, calls are confidential, and there's no charge to talk with them.

They can help you with claims for Specified Injuries Compensation or legal questions about the class action settlement.

You can reach them toll-free on our Class Counsel Help Line at 1-833-265-7589

There is a deadline! If your First Nation has not already submitted a form for you, then you must submit one for yourself **by March 7, 2023**

This form has three parts you must fill out, and two parts that are optional.
The three parts you must fill out are...

	Part 1: Your Name and Key Details	This is where you share key details like your name and birthday, your address and contact numbers, payment info, and a copy of your ID. This allows us to create a file for you.
	Part 2: Where You Lived	Here, you'll tell us about the place (or places) where you lived. We use this information to figure out how long you suffered under long-term drinking water advisories.
	Part 3: Authorization	This is where you agree to the terms and conditions, promise the information you gave us is correct, and give us permission to review and decide your application.

The next two parts are optional. You do not have to fill them out unless you want to make a claim for additional compensation for Specified Injuries, or you do not have any identification.

	Part 4: Specified Injuries	This section is where you can claim for additional compensation if you suffered serious, long-lasting injuries that were caused either by using water in accordance with the long-term drinking water advisory, or because you didn't have access to clean safe water because of a long-term drinking water advisory. Please note that you must have been using the treated or tap water. Using untreated water from surface water sources such as lakes, pond, or rivers is not covered.
	Part 5: Sworn/ Affirmed Declaration	This is where you sign your name, promise the information you've given us is correct, and give us permission to review and decide your application for Specified Injuries compensation. Because the Specified Injuries compensation is <u>additional</u> to what everyone who suffered under a long-term drinking water advisory will get, an approved guarantor, such as a community leader, also needs to sign this section as your witness. This Part is also required if you do not have any identification.

✎ Tips and Pointers

- ✓ If you're unsure about anything, the Frequently Asked Questions (FAQ) page is a great place to start. It is available online at www.firstnationsdrinkingwater.ca
- ✓ If you're still unsure after looking at the FAQ page, please call the Administrator. Their contact info is on page 1.
- ✓ You should only submit this form once, so please make sure you gather all the info you need first. After you've submitted, please call the Administrator if you need to make a change or have any questions or concerns.
- ✓ There's a checklist at the end of this form to help you make sure you've filled out all the right sections. Instructions on how to submit this form are at page 16.
- ✓ Once the Administrator has sent a decision to you about your claim, no more changes to your form can be made.
- ✓ This process is governed by the Settlement Agreement and related documents, which are at www.firstnationsdrinkingwater.ca

If you want to make a Specified Injuries claim (Part 4) then you must fill out this form!

PART 1: YOUR NAME AND KEY DETAILS

Please fill in all you can here, so we can process your claim. What you write down should match what is on your government-issued ID. If a box doesn't apply to you, please just leave it blank.

First Name (required)	
Middle Name(s) (if applicable)	
Last Name (required)	
Other Name(s) known by (if applicable)	
Date of Birth (required)	Day ____ Month ____ Year ____
Please attach a <u>copy</u> of a government-issued ID to this Claim Form (required)	<input type="checkbox"/> I have attached a copy of my government-issued ID

We understand that you might not have all this information, but please fill in all you can. Note that you **must** provide the Province and the name of your Band, and either your Indian Status Card Number and/or your Band Registration Number

Social Insurance Number (if available)	____ - ____ - ____
Indian Status Card Number	
Your Band Registration Number	
Name of the Band You are a Member of	
Province Where Your Band is Located	

What we need here is your **current mailing address** or an address where you **can be reached**. We also ask for your phone number and email, but if you don't have those that's fine, please just leave those boxes blank.

Street Name and Number	
Unit Number (if applicable)	
City / Town / Community	
PO Box (if applicable)	
Province/Territory	
Postal Code	
Country	
Home Telephone	
Mobile Telephone (if applicable)	
Email address (if applicable)	
If this address is in a First Nation, please indicate the name of the nation	
C/O Name (if applicable)	

\$ Payment Information

- ✓ Payments will be assessed and issued to eligible claimants after the end of the claims period
- ✓ The claims period ends on **March 7, 2023**, so payments will be in **mid-2023 or later**
- ✓ Compensation will depend on the total amount of funding available, and number of eligible claims received

If your claim is approved, we can pay you by cheque or by direct deposit. Which would you prefer?

☐ Please **mail** me a cheque at the address I provided above

☐ I have attached a completed direct deposit form or void cheque and would like you to pay me by **direct deposit**

Tips and Pointers for Direct Deposits

- ✓ If you'd like a direct deposit, you must attach a void cheque or direct deposit form to this claim form, so we know where to send the money.
- ✓ The bank account needs to be in your name. We can't send money to someone else's account. If your account changes, please contact the Administrator.
- ✓ We can only deposit to Canadian bank accounts.
- ✓ Please make sure the information you give us is correct. Once the money is deposited, we can't get it back or make replacement payments. For example, if you provide a family member's banking information instead of your own, we can't get that money back for you.
- ✓ If the void cheque or direct deposit form are invalid, we will mail your cheque instead.

If you move after you send us this Claim Form, please make sure you contact the Administrator at 1-833-252-4220 and give us your new address!

PART 2: WHERE YOU LIVED

In this section, you'll tell us about what reserve (or reserves) you lived on, and when. We will use that information to figure out how much compensation you are eligible for.

There's a long table below, listing all the First Nations that had known long-term drinking water advisories in the timeframes covered by the settlement. As a reminder, a 'long-term drinking water advisory' means one that lasted for a year or longer.

Beside the name of each First Nation, there are date boxes. Please fill in the date boxes next to the First Nation where you lived, starting with the month and year you began living there, and ending with the month and year you stopped living there (if applicable).

If you were born before November 20, 1995, then please share with us where you lived from November 20, 2013 to June 20, 2021.

If you were born on or after November 20, 1995, then please share with us where you lived from November 20, 1995 to June 20, 2021.

Tips and Pointers for Part 2

- ✓ You only need to share the times and locations that you were living on any of the First Nations listed below. You don't need to share information about other times and locations.
- ✓ If you were under 18 when you lived on reserve and moved away from your community to attend school, that time should be treated as time spent living on reserve and included in the table below.
- ✓ If you lived in more than one First Nation on the list below, that's fine. Please complete the date information for all the listed First Nations that you lived in.
- ✓ If you have questions about why we're only asking for certain timeframes based on when you were born, please see the 'Limitations Periods' section of the online FAQ page. You can find it at www.firstnationsdrinkingwater.ca
- ✓ If you think your First Nation had a drinking water advisory that lasted a year or more, but you can't find it on the list below, please call the Administrator at 1-833-252-4220, or include the information in the 'Other First Nation(s)' section at the bottom.

Other First Nation(s)/Periods of Residence

If you think a First Nation you lived on had a drinking water advisory that lasted a year or more anytime between November 20, 1995, to June 20, 2021, but you can't find that First Nation on the list above, then you can call us, or you can include that information here. We will investigate it and may need to ask you for additional information.

You can also use this section if you lived on a First Nation listed above for two or more separate periods of time.

First Nation	Province	First Nation / Band Number (Optional)	Dates of Water Advisory	I lived on this Impacted First Nation FROM: Month, Year	I lived on this Impacted First Nation UNTIL: Month, Year
				Month __, Year ____	Month __, Year ____
				Month __, Year ____	Month __, Year ____

PART 3: AUTHORIZATION

✓ In this section, we **make sure that you acknowledge and agree to the following key terms and conditions** as part of submitting your claim:

The Administrator handles claims applications, like the one you're making by submitting this form.

1. The Administrator's job is to process applications carefully, fairly, and efficiently, based on the instructions they are given and the information they are sent. They don't represent Canada, the First Nations, or First Nations members. They are not lawyers, and they don't offer legal advice.
2. Because the Administrator just administers the claims, it is not their job to identify or protect the legal rights of Canada, First Nations or First Nations members, or to raise issues that Canada, First Nations or First Nations members didn't raise.
3. Free legal advice is available to you from your lawyers. You can reach them toll-free on the Class Counsel Help Line at 1-833-265-7589.
4. As part of this claims process, the Administrator may contact you to ask for further information.

5. The Administrator, as part of this claims process, may disclose the information you provide and/or your amount of compensation, to any of the following groups: the First Nation where you are a member, the First Nation(s) where you lived, Canada, Class Counsel, the Third-Party Assessor, the Joint Committee, the Settlement Implementation Committee, and/or the First Nations Advisory Committee on Safe Drinking Water.

6. Canada, as part of this process, may disclose information in its possession to any of the following groups: the Administrator, Class Counsel, the Third-Party Assessor, the Joint Committee, the Settlement Implementation Committee, and/or the First Nations Advisory Committee on Safe Drinking Water.

You can find out more about the roles and memberships of these groups in the FAQ page available online at www.firstnationsdrinkingwater.ca

7. We will be relying on the information you provide, and **by signing and submitting this form you are confirming that all the information you've provided is true to the best of your knowledge**. Where someone has helped you fill out this form, you are also confirming that they read you everything they wrote on this form and everything they included with it or attached to it.

Privacy is important. The information you submit will be kept confidential except where we need to share it with others as part of this process.

Your Declaration and Signature	<p>"Everything in this form is true to the best of my knowledge. I acknowledge, understand and agree to the key terms and conditions, and consent to the disclosure and use of my personal information in accordance with the above and the Settlement."</p> <p>_____</p> <p><i>You sign here</i> </p>
Print Your Full Name (First, Last)	_____
Date You Signed This Form	Day ____ Month ____ Year ____
<p>✓ We also need someone to witness you signing this Claim Form. The witness does NOT need to read what you've written in this form or verify that what you have written is true. Anyone over the age of 18 can be your witness.</p>	
Declaration and Signature of Witness	<p>"I witnessed the person above sign this form."</p> <p>_____</p> <p><i>Your witness signs here</i> </p>
Print the Full Name of the Witness (First, Last)	_____
Date the Witness Signed This Form	Day ____ Month ____ Year ____

If you have filled out everything above, attached a copy of your ID, and are **NOT** claiming for Specified Injuries, then you're nearly done. Please use the Checklist on the last page to double-check everything, and then go ahead and submit your claim. Please **choose one** of the following ways to submit:

If you are claiming for Specified Injuries please continue to Parts 4 and 5, or if you don't have ID please continue to Part 5

After you submit your claim, the Administrator will get in touch to confirm they've received your claim. If you have questions at any point, you can call us at 1-833-252-4220

PART 4: SPECIFIED INJURIES

(This section is optional)

This part is optional. You don't have to fill it out. The intention of this settlement is to offer recognition and comfort to those that have suffered. Unclean and unsafe drinking water leads to suffering for everyone, but **some people suffered additional harms: serious and specific injuries directly caused by unclean water.** If that happened to you, then you can fill out this part and make a claim for additional compensation.

It is often difficult to talk about suffering. We don't want to re-traumatize anyone, so we've tried to keep this form as simple and matter of fact as we can. If emotional support would be helpful, please connect with the Hope for Wellness Help Line at 1-855-242-3310 or online at www.hopeforwellness.ca.

There are two levels of additional compensation. Here are the rules for making a claim:

Harm Level 1 is for serious harms that lasted more than a month but less than a year. To be eligible you must meet all the following criteria:

1. You must have suffered significant and prolonged health problems that harmed your quality of life and disrupted your well-being and/or daily activities.
2. The injuries must have been **directly caused by the Long-Term Drinking Water Advisory**, either because you used treated or tap water in accordance with the advisory but still got sick, or because you didn't have proper access to treated or tap water.

This means you must have followed the advisory instructions. For example, if a boil water advisory was in place, you must have followed the instructions and always boiled your tap water beforehand. This also means you must have been using the treated or tap water. Using untreated water from surface water sources such as lakes, pond, or rivers is not covered.

3. The health symptoms must have persisted for a minimum of one month of consecutive days, up to/under one year.
4. You must have tried to get treatment for your injuries.

In many First Nations it can be difficult to access health care, so if you were not able to get treatment you can still make a claim, as long as you tried to get help from someone, such as an elder, community health leader, shaman, knowledge-keeper, traditional healer, medicine-person, nurse, or doctor.

Harm Level 2 is for serious harms that lasted more than one year. To be eligible you must meet all the following criteria:

1. You must have suffered significant and prolonged health problems that harmed your quality of life and disrupted your well-being and/or daily activities.
2. The injuries must have been **directly caused by the Long-Term Drinking Water Advisory**, either because you used treated or tap water in accordance with the advisory but still got sick, or because you didn't have proper access to treated or tap water.

This means you must have followed the advisory instructions. For example, if a boil water advisory was in place, you must have followed the instructions and always boiled your tap water beforehand. This also means you must have been using the treated or tap water. Using untreated water from surface water sources such as lakes, pond, or rivers is not covered.

3. The health symptoms must have persisted for at least one year of consecutive days.
4. You must have gotten treatment for your injuries from a health-care practitioner.

A health-care practitioner can be any of the following: a traditional healer, a medicine-person, or a doctor.

- ✓ Compensation amounts for Specified Injuries will depend on how many eligible claims are made by Class Members. If you are eligible, your compensation will be based on the total number of eligible claims, the type of harm you suffered, and the level of that harm.
- ✓ You can choose more than one of the nine types of harm in the list below, but you can only choose one level of harm for each type. Please identify all that apply to you. If you choose several types of harm, the Administrator may contact you for additional clarification.
- ✓ You do not have to provide supporting documents or testimony to make a claim. But if you want to, when you submit your claim you can include things like (a) medical records of the injury and its cause; (b) other records, including written records, photographs, and videos, of the injury and its cause; (c) a written statement; or (d) oral testimony.

Type of Harm	Specified Injuries (Medical Diagnosis) Select (✓) any that apply	Symptoms & Health Care Provider(s) Please provide the name of health care practitioner(s) from whom you sought or received medical treatment for this injury	Harm Level 1	Harm Level 2
			More than 1 month, but less than 1 year	1 year or more

Kidney	<input type="checkbox"/> Ingestion of chemicals in quantities harmful to human health, resulting in kidney injuries	Symptoms may include: kidney damage, kidney lesions, kidney failure Name of Health Care Practitioner: _____ Type of Practitioner: _____	<input type="checkbox"/>	<input type="checkbox"/>
8. Tumors or Cancer	<input type="checkbox"/> Ingestion of chemicals in quantities harmful to human health, resulting in tumors or cancer	Symptoms may include: tumors, cancer Name of Health Care Practitioner: _____ Type of Practitioner: _____	<input type="checkbox"/>	<input type="checkbox"/>

Type of Harm	Specified Injuries (Medical Diagnosis) Select (✓) any that apply	Symptoms & Health Care Provider(s) Please provide the name of health care practitioner(s) from whom you sought or received medical treatment for this injury	Harm Level 1 More than 1 month, but less than 1 year	Harm Level 2 1 year or more
9. Mental Health	<input type="checkbox"/> Depression (Major depressive disorder or Persistent depressive disorder)	Symptoms may include: depressed mood, diminished interest or pleasure, significant weight loss or weight gain, insomnia or trouble with sleep, agitation, fatigue, loss of energy, inability to distinguish between what is real and what only seems to be real, diminished ability to think or concentrate, or indecisiveness, recurrent thoughts of death, suicide attempt Name of Health Care Practitioner: _____ Type of Practitioner: _____	<input type="checkbox"/>	<input type="checkbox"/>
	<input type="checkbox"/> Panic Disorder (an abrupt surge of intense fear or intense discomfort that reaches a peak within minutes)	Symptoms may include: palpitations, pounding heart, or accelerated heart rate, sweating, trembling or shaking, shortness of breath or smothering, feelings of choking, chest pain/discomfort, nausea, dizzy, lightheaded or faint, chills or heat sensations, numbness or tingling sensations, feelings of unreality, or being detached from oneself, fear of losing control, fear of dying Name of Health Care Practitioner: _____ Type of Practitioner: _____	<input type="checkbox"/>	<input type="checkbox"/>
	<input type="checkbox"/> Substance Addictions/ Use Disorders Any one of the following: - Alcohol Use Disorder - Cannabis Use Disorder - Tobacco Use Disorder - Sedative, Hypnotic, Anxiolytic Use Disorder	Symptoms may include: consumption of large amounts substances or over long period of time, cannot cut down or control use, time spent to obtain, use, or recover from consumption, strong desire/urge to use, unable to fulfil obligations at work, school or home due to use, social, occupational, or recreational activities given up because of use, using even if physically hazardous, a need for increased amounts to achieve intoxication or desired effect, taken to relieve or avoid withdrawal symptoms Name of Health Care Practitioner: _____ Type of Practitioner: _____	<input type="checkbox"/>	<input type="checkbox"/>
	<input type="checkbox"/> Post-traumatic Stress Disorder (PTSD) (Exposure to actual or threatened death, serious injury)	Symptoms may include: experiencing repeated or extreme exposure to aversive details of the traumatic event(s), experiencing repeated or extreme exposure to details of the traumatic events, avoidance of distressing memories, thoughts, or feelings about traumatic event(s), negative changes in brain functioning (thinking) and mood associated with the traumatic event(s), marked changes in behaviour, typically expressed as verbal or physical acting out toward people or objects, duration of disturbance is more than 1 month, behavioural problems that have such a negative impact on daily life that help was needed from the healthcare system Name of Health Care Practitioner: _____ Type of Practitioner: _____	<input type="checkbox"/>	<input type="checkbox"/>
	<input type="checkbox"/> Specific Phobia (Fear or anxiety about a specific object or situation e.g., flying, heights, animals, seeing blood, etc.)	Symptoms may include: the phobic object/situation provokes immediate fear or anxiety, actively avoided or endured with intense fear or anxiety, is out of proportion to the actual danger posed, is persistent, typically lasting for 6 months or more, causes clinically significant distress or impairment in social, occupational, or other important areas of functioning. Symptoms are not explained by another mental disorder Name of Health Care Practitioner: _____ Type of Practitioner: _____	<input type="checkbox"/>	<input type="checkbox"/>
	<input type="checkbox"/> Adjustment Disorder	Symptoms may include: marked distress that is out of proportion to the severity or intensity of the stressor, significant impairment in social, occupational, or other important areas of functioning Name of Health Care Practitioner: _____ Type of Practitioner: _____	<input type="checkbox"/>	<input type="checkbox"/>
	<input type="checkbox"/> Generalized Anxiety Disorder	Symptoms may include: excessive anxiety and worry, difficulty controlling worry, restlessness or feeling on edge, being easily fatigued, difficulty concentrating or mind going blank, irritability, muscle tension, difficulty falling or staying asleep, or restless/unsatisfying sleep, causes clinically significant distress or impairment in social, occupational, or other important areas of functioning Name of Health Care Practitioner: _____ Type of Practitioner: _____	<input type="checkbox"/>	<input type="checkbox"/>

PART 5: SWORN/AFFIRMED DECLARATION

You DO NOT need to complete this part UNLESS...

you are making a claim in Part 4 for Specified Injuries compensation because you suffered serious and specific injuries that were directly caused by the Long-Term Drinking Water Advisory, either because you used treated or tap water in accordance with the advisory but still got sick, or because you didn't have proper access to treated or tap water, **or**

you don't have a copy of your Personal ID

If either of the above apply to you, please complete this part

This part of the Claim Form contains a "sworn declaration" where you swear or solemnly affirm, in front of a guarantor, that everything you have told us about your injuries in Part 4, or your identity in Part 1, is true

If you are claiming for injuries, in this section you will also swear or solemnly affirm in front of your guarantor that those injuries were directly caused by the Long-Term Drinking Water Advisory, either because you used treated or tap water in accordance with the advisory but still got sick, or because you didn't have proper access to treated or tap water

Your guarantor must be one of the following...

- a community leader such as your Chief or a member of council
- any other elected official
- a Notary Public
- a Commissioner of Oaths
- a lawyer (including Class Counsel), doctor, or accountant
- a police officer
- any other person listed in the 'Guarantor' section of the FAQ page at www.firstnationsdrinkingwater.ca

Your guarantor must witness you signing this section of the Claim Form. They do NOT need to read what you've written in this Claim Form but they DO need to confirm that the name you have provided is accurate

Your guarantor also needs to describe their office and provide their contact information

PART 5 (CONTINUED): DECLARATION REGARDING SPECIFIED INJURIES AND/OR IDENTITY

If you are claiming for Specified Injuries in Part 4, or do not have ID, then you must fill in this section and sign it in front of your guarantor...

Your Declaration and Signature	<p>“By signing this Declaration in front of my guarantor, I am swearing or solemnly affirming that the following statements are true, to the best of my knowledge:</p> <ol style="list-style-type: none">1. I accurately and fairly described any specified injury or injuries I claimed in Part 4.2. Any specified injury or injuries that I claimed in Part 4 were directly caused by using treated or tap water in accordance with the Long-Term Drinking Water Advisory, or by restricted access to treated or tap water caused by the Long-Term Drinking Water Advisory.3. Any specified injury or injuries that I claimed in Part 4 had commenced during the Long-Term Drinking Water Advisory period I have claimed.4. I have correctly and accurately identified myself, and if I have not provided a copy of a piece of government issued ID, it is because I do not have one.”
	<p>_____</p> <p>You sign here </p>
Print Your Full Name (First, Last)	
Date You Signed This Form	Day ____ Month ____ Year ____

...and your Guarantor must fill in this section and sign it
